

HYDRAFACIAL™

ACTIV™ foaming cleanser

Formulated specially for the face, this concentrated, highly effective gentle cleanser removes makeup, dirt and impurities, leaving your skin beautifully clean, soft and radiant, the way nature intended. Rich lather removes the daily deposits from the relentless environmental assault on your skin, and then rinses off effortlessly without irritation, dryness or residue.

Sustain and enhance your skin with cleansing, smoothing natural ingredients. Rose hip seed oil helps reduce surface wrinkles and brown spots and improves the tone and elasticity of skin. It also provides a high content of essential fatty acids, vital for healthy skin. Seaweed extracts and essential oils protect your skin with antioxidants, which diminish the damaging effects of free radicals and repair existing damage. Olive oil and vegetable glycerin have superior hydrating and soothing qualities.

Performance Ingredients

Rose Hip Seed Oil
Seaweed Extract
Olive Oil Castille
Vegetable Glycerine
Essential Oils

pH: 5.5

HYDRAFACIAL™

PUR MOIST™

hyaluronic acid cream

Envelop your skin in pure moisture with hyaluronic acid, one of the finest penetrating hydrating agents available. Hyaluronic acid is a naturally occurring substance found in the spaces between the cells of the skin. This potent moisturizer attracts water to itself to hydrate the upper layers of the skin creating a softer, suppler, more youthful appearance. It holds as much as 1000 times its own weight in water, plus it prevents evaporation of moisture from the skin. In the deeper layers of the skin, Hyaluronic acid maximizes the thickness of the skin by holding water.

This luxurious rejuvenating moisturizer maintains the hydration from your HydraFacial™ treatments and leaves your skin dewy fresh. The rich emollient mixture, with the healing power of jojoba and apricot kernel oil, soothes and revitalizes while protecting delicate skin from drying environmental conditions. Refresh your skin morning and evening for optimal results. Light soothing texture glides on easily and absorbs immediately for a weightless finish, perfect under makeup. No added fragrance.

Performance Ingredients

Hyaluronic Acid
Jojoba Oil
Apricot Kernel Oil

pH: 6

2277 Redondo Avenue, Signal Hill CA 90755

HYDRAFACIAL™

E.T.X.™ eye therapy X-tract

Banish dark circles and bring back that youthful glow with this active complex of soy and rice peptides, yeast protein, hyaluronic acid and seaweed extract. This potent combination targets **both** dark under-eye circles **and** puffiness while enhancing the firmness of the delicate under-eye area.

Revitalize your eyes while providing superior antioxidant protection and skin hydration. Hyaluronic acid has unmatched hydrating properties which manifests in smoother, softer skin with fewer wrinkles. Seaweed extract is rich in active compounds that protect and repair the skin. Oxido reductases, soy peptides, and hydrolized rice bran extract is a new anti-aging complex that strengthens and protects the collagen and elastin in the skin. It minimizes free radicals to reduce puffiness while strengthening the skin around the eyes.

Performance Ingredients

Hyaluronic Acid
Seaweed Extract
Oxido Reductases
Soy Peptide
Hydrolized Rice Bran Extract

pH: 6

HYDRAFACIAL™

SUNSCREEN LOTION

SPF 30

Maximize the results of your HydraFacial™ treatments and guard against the harmful effects of the sun with micronized titanium dioxide. Sun exposure causes premature aging of the skin; wrinkles, brown spots and sagging skin, so sun protection is a must for healthy young-looking skin. Daily use is imperative, even on cloudy days, in winter, while you are driving or even sitting inside near a window, because UVA & UVB rays are still present.

SunScreen Lotion SPF 30 provides ultimate water-resistant protection against damaging UVA & UVB rays. This luxurious moisturizing lotion is perfect for sensitive skin. Sheer, invisible protection glides on easily with no stickiness or residue. It is delicate - lightweight and comfortable for everyday use, yet powerful - water and perspiration resistant protection.

Active Ingredients

Titanium Dioxide Micronized
Octinoxate

pH: 6.5
